Why is there a gender pay gap?

#GenderPayGap

- Women still take on the majority of care duties
- Women account for 76% of all part time workers
- Women are still more likely to be in low paid and low skilled jobs
- Fewer women work in high-paid sectors such as:
 - Engineering
 - IT
 - Technology
- Women continue to be underrepresented in senior management and leadership roles

How to report gender pay gap uk.

Publication of part-time pay statistics. The prevalence of women performing part-time roles is regularly cited as a major contributor to the gender pay gap. Is reform on the cards? The Government resisted early calls for change to gender pay gap reporting requirements but built into the Regulations is an obligation to review their impact, including an assessment as to whether the Regulations have achieved their objective. That review must be completed by 1 April 2022, five years after the Regulations came into force. What changes might be considered as part of the review? Consistent, representative, comparable statistics While many of the above changes would strengthen the current regime, it could be argued that the biggest threat to gender pay gap reporting is the disruption of the past two years. The continued effectiveness of the regime cannot be achieved without a consistent requirement to report accurate, comparable and representative datasets, regardless of other external challenges facing the business. More forensic reporting: Breaking down statistics into pay quartiles provides a more nuanced picture of an employer's pay gap. For employers with sizeable gaps, this tends to reveal a higher proportion of men in the top quartiles and a higher proportion of women in lower quartiles. A more detailed breakdown (for example into pay deciles) would provide a clearer picture of the point at which women's progress stalls. This, in turn, would allow employers to identify targeted actions to bring about change. Extension to smaller employers: Currently only employers with 250 or more employees are caught by the obligation to publish gender pay gap statistics. At the time the duty was introduced, it was considered that the obligation to report would be unduly burdensome for small and medium sized businesses. Companies with 50 or less employees would be particularly sensitive to staff changes, with lanigram a ,dehguolruf gnieb nem naht nemow erom yltnacifngis htiw(cimednap divoc eht fo tcapmi cimonoce deredneg eht nevig A .srekrow dehguolruf ynam fo noisulcxe eht fo thgil ni era scitsitats esent evitatneserper woh ot sa nesira evah snoitseuQ A .raey gnitroper 02/9102 eht ni %3.31 morf nwood(%1.31 ot pag yap redneg sAAeKU eht ni enilced lanigram a swohs serugif sAAeAraey siht fo sisylana tneceR A .cimednap eht ot eud saw .0202 ni gnitroper fo noisnepsus eht okil .yaled eht A .lirpA naht rehtar reboto' ni lilef enilcided gnitroper pag yap redneg sAAeAraey siht erutcip niatreocu nA .zenlepp eht ni eb stnemeriuger gnitroper yap fo mrofer duoc A .Z202 lirpA erofeb deweiver eb tsum snoitlugeR paG yap redneg .pets evissergorp a eb ditow yrotadnam snalp hcus gnikaM A .nalp noitca na gnihsilbup fo sreyolpme rof stifeneb eht stsil ydaerla ecnadiug eciffo seitilaugE tneemrevoG eht A .ti sserdda ot serusaem evitcurtsnoc gnifytinedi ot .melbop eht gnitroper ylpmis morf sucof eht tflhs dluow nalp noitca na eraperp ot tneмериuger wen A .snalp noitca yrotadnaM .noitacilbup ot roirp detidua eb ot atad eht erituger dluow hcilw troper launna rieht ni scitsitats pag yap redneg edulcni ot sreyolpme erituger ot eb thgim hcaorppa evitanrethla nA A .scitsitats etaruccani hsilbup ohw ro scitsitats rieht hsilbup ot liaf ohw sreyolpme enif ot ropow wen a ni tuser dluoc weiver eht taht elibissop si ti A .noitnetnoc fo ecruos a neeb gnol sah siht A .troper ot ytud rieht htiw ylpmoc ot liaf ohw sreyolpme tsniaga snoitcnas rof edivorp ton od snoitlugeR eht .serusaem tnecefrofniE .ycnerapsnart retaerg sdravot pets a eb dluow snoitlugeR eht fo epos eht gminediW A .ecrofkwrow sAAeKU eht fo %05 ylhguor ylno fo atad eht gnisu detaluclac si pag yap redneg sAAeKU eht taht snaem ,seeyolpme 052 naht rewef htiw seinapmoc gnidulcxe .revewoH A A .tcapmi lacitsitats elbaton a esuac ot laitnetop eht gnivah serutraped ro snoitomorp ,stnemtioppa Knemov .nemow esilanep yliafnu hcilw. seicilop yap reyolpme ni seicnetsisnocni yna no thgil a enihs dluow yap emit-trap dna emit lluf neewteb pag eht hsilbup ot tneмериuger A A .htworg egaw rewols dna sutats rewol gnitcartta elbaulav ssel sa deviecrep eb nac krow emit-trap .esoprup rof tif era mrof tneruc rieht ni snoitagilbo gnitroper pag yap rehtehw ksa ot thgir si emit eht A .tuo deretep sah spag yap dnuora noitasrevnoc eht, hguolruf fo tcapmi eht nevig, ward ot ysae ssel emoceb evah scitsitats morf snoisulcnoc sa, yltnecer eroM A A .flesti ni noitcnas a sa detca, spag egral fo noitacilbup rof ro ecnailpnoic-non rof rehtie, egamad lanoitatuper fo ksir eht dna tseretni aidem elbaredisnoc detcartta stroper yap: yrasscecennu demees mrofer, gnitroper fo syad yirae eht ni a a € yrtsudni dna seidob yrtsudni dna seettimmoc tneemrevog htiw, yniturcs elbaredisnoc detcartta evah snoitlugeR noitamrofni pag yap redneg eht, noitcudortni rieht ecnis egnahc rof evird) .CIMEDNAP EHT FO TC APMI EHT NO NOISSID REHTRUF ROF EREH KOILC (a e.
